I made my last car purchase from a used car supermarket in Suffolk. I have now moved nearer to Kings Lynn so need to locate a [used car supermarket Norfolk](#) . I may take a drive to Stebbings Car Superstore this weekend as a friend recently bought a Ford Focus Zetec 5 door from there and the service was excellent. The air conditioning stopped working in the summer and, despite the car being out of warranty, Stebbings booked the car into their workshop and re-gassed the air con. They also gave her a courtesy car and provided a complimentary valet. I think I will visit Stebbings to test drive one of their 400 used and nearly new cars for sale.
